**Dear Hiring Manager,**

I hope you are doing well. I am writing to **apply for the AI Engineer position at Apple**. I hold strong skills in machine learning, deep learning, Python, data modeling, and AI model deployment. I have completed several impactful AI/ML projects and internships that strengthened my practical understanding of algorithms, neural networks, and end-to-end model development.

I am highly motivated to contribute to Apple's innovation-focused AI ecosystem and would be grateful if you could kindly review my application. I have attached my resume for your consideration (**prachi-dehariya-resume.pdf**).

Thank you for taking the time to review my application. Please feel free to reach out if you need any additional information.

**Regards,**

**Prachi Dehariya**
